Unisort® Climate® Empowering Workspace Recycling

Uni®
sort

Unisort® Climate® Specification

Design led, modular
recycling station

Constructed from
100% Recycled Post
Consumer Waste

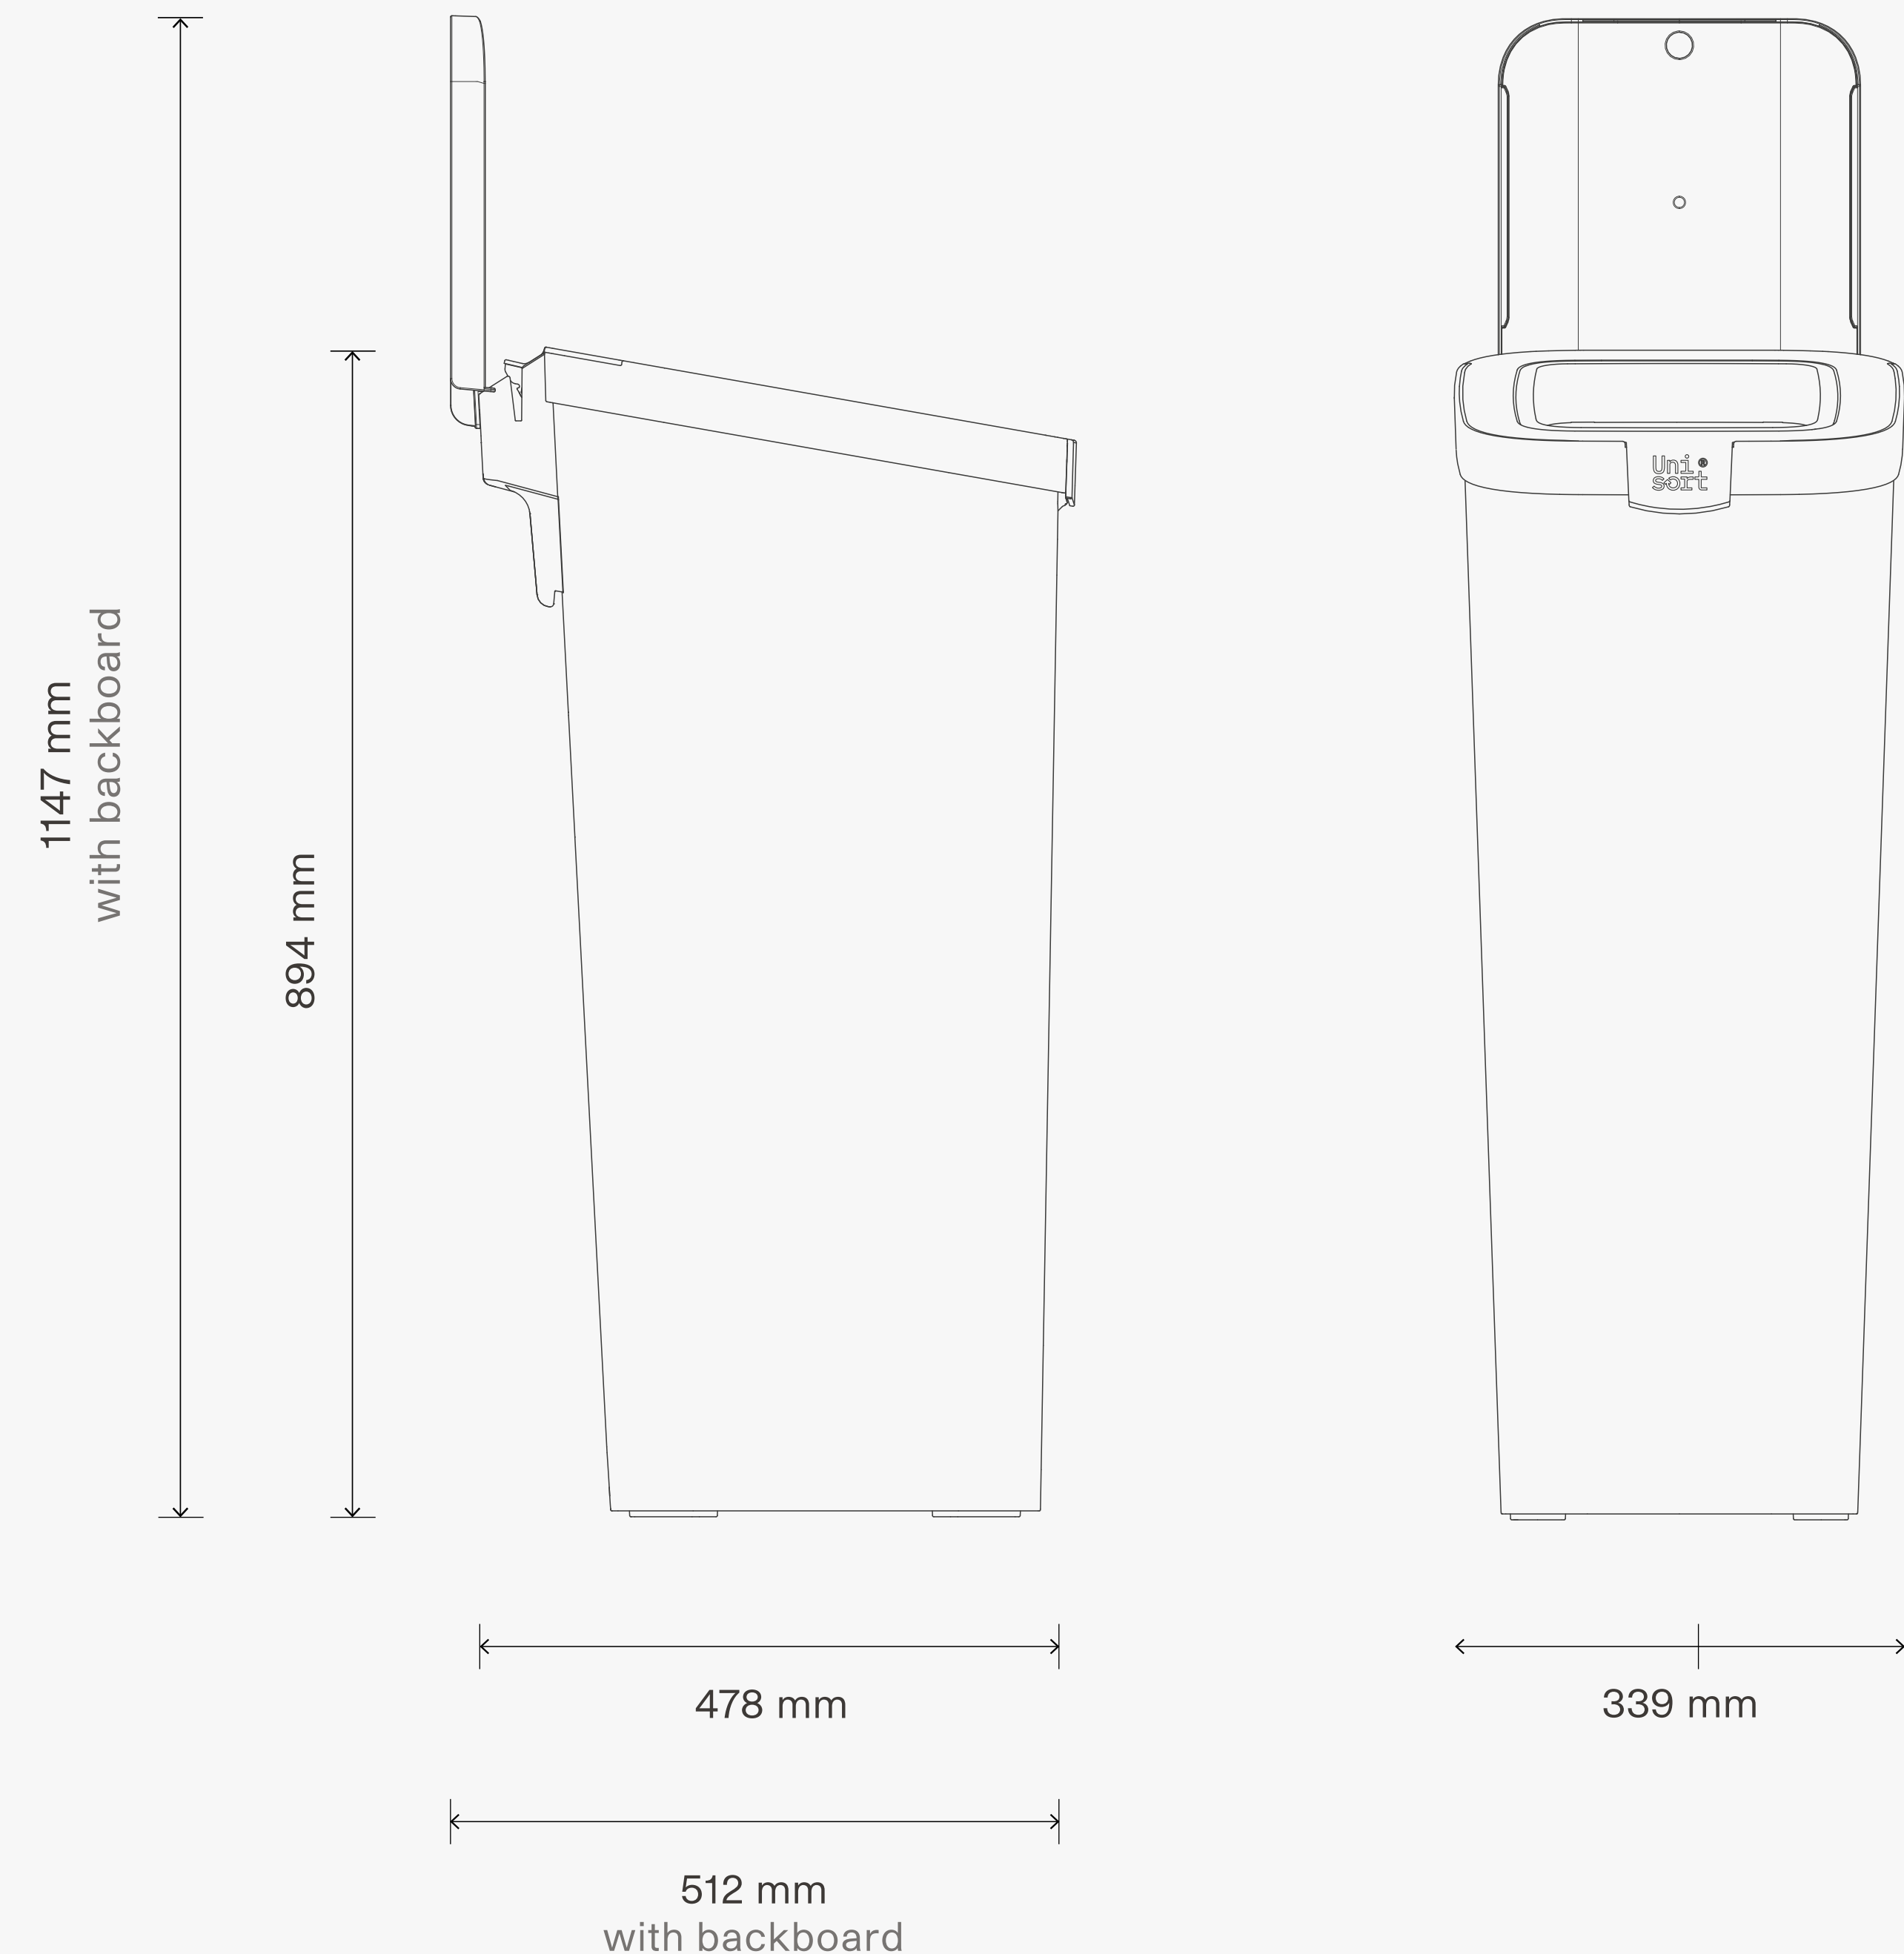

100% Recyclable

80L Capacity

Patented Innovation

Made in the UK

10 Year Guarantee

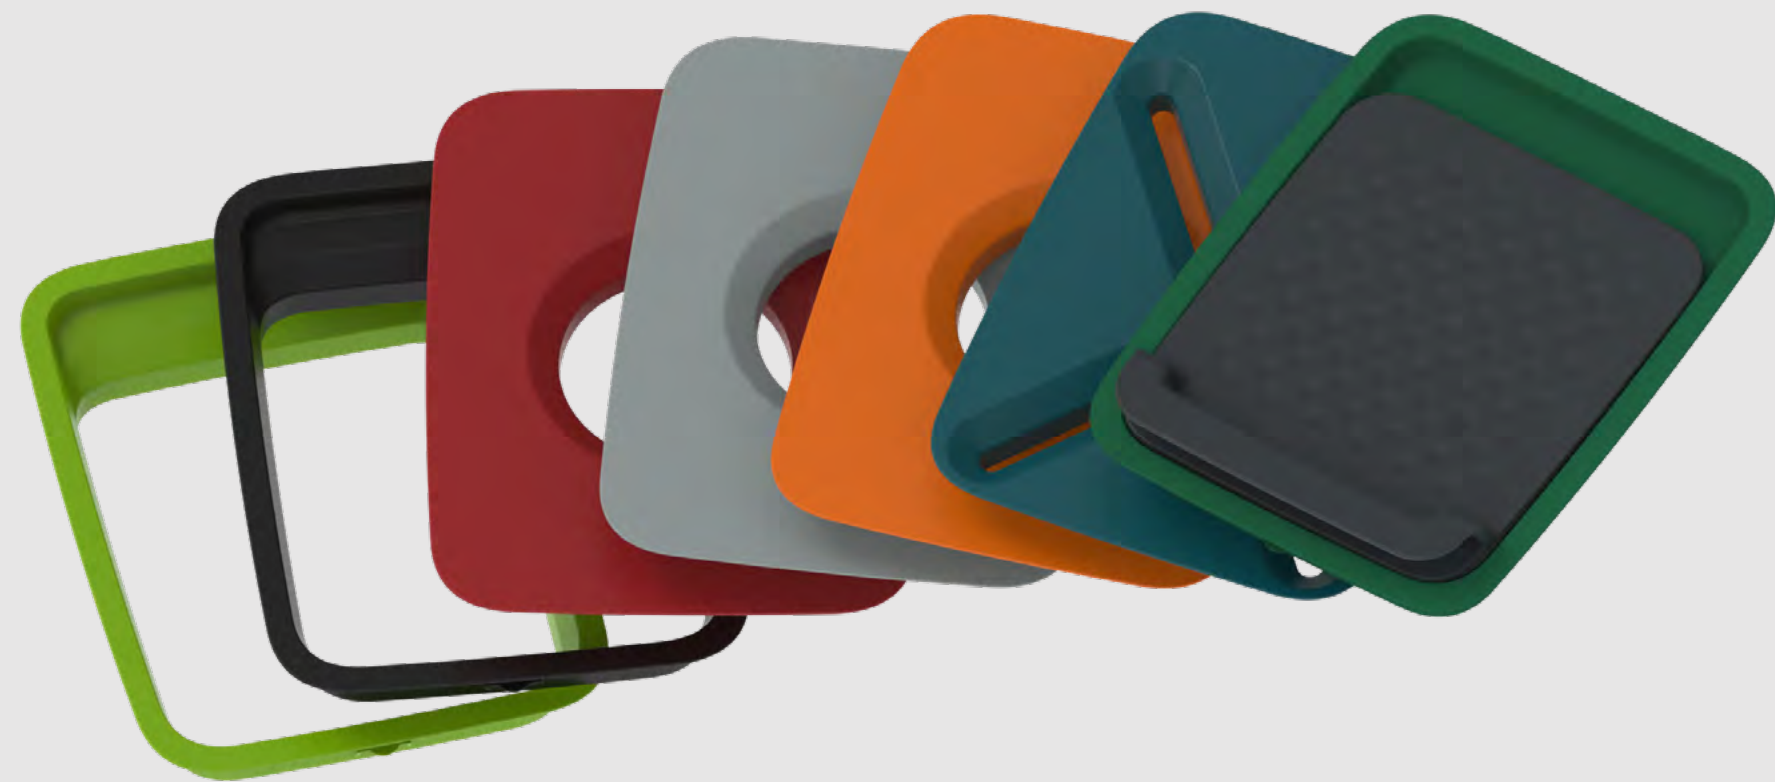

Unisort® Climate®

Key Features

A Base Unit

Standard or optional
Lockable Security Base.
80L capacity

B Waste Stream Apertures

Colour coded snap fit interchangeable
Waste Stream Apertures.
15 options

C Handle

Integrated, ergonomic hand
grip for easy handling.

D Unisort Liner System Compatible

Reduce your plastic use by up to 80% and
decrease your CO₂ emissions by using our
Liner System instead of 'standard' bags.

E Vented Base & 3L Sump

Quick & easy bag removal with
unique air flow design. Sump safely
contains any liquid leaks from bags.

How To Choose Your Unisort® Climate® Recycling Station

Once you have defined the waste streams needed and the number of locations for collection on site, use the following steps to specify your Stations.

123456

Base Options

Two bases are available:

1. Standard Base
2. Lockable Security Base

123456

Aperture Options

Snap fit interchangeable Waste Stream Apertures.

123456

Signage Accessories - Backboard Waste Stream Signage

Add a snap fit blank backboard to accommodate the slide-fit waste stream graphic panels.

123456

Signage Accessories - Cover Waste Stream Signage

Adhesive backed cover decals.

123456

Liner System

Use the clever Unisort Liner System to save 80% in plastic – Standard bags can also be used.

123456

Accessories

A range of time and labour saving options.

Unisort® Climate® Base Options

Standard Base

80L base made from 100% recycled materials.

UC1000

Lockable Security Base

The same specification as our Standard Base but with an added lid lock and X Slot Aperture for use with confidential paperwork.

UC1010

Extra Security Layer

For added security a metal plate can be specified to add extra layer of security to the X Slot Aperture.

Signage Accessories

F Backboard
Snap fit blank backboard.
UC8200

G Cover Waste Stream Signage
Adhesive backed.
2 graphic design options.
[See page 18-19](#)

H Backboard Waste Stream Signage
Removable panels made from recycled PP.
3 graphic design options for the most common waste streams.
Customised versions available on request.
[See page 15-17](#)

Liner System Accessories

I Safety Cutter

Integrated Unisort Liner Safety Cutter.

UC8300

J Liner Accessories Holder

Keeps the cutter and cable ties secure and near to hand.

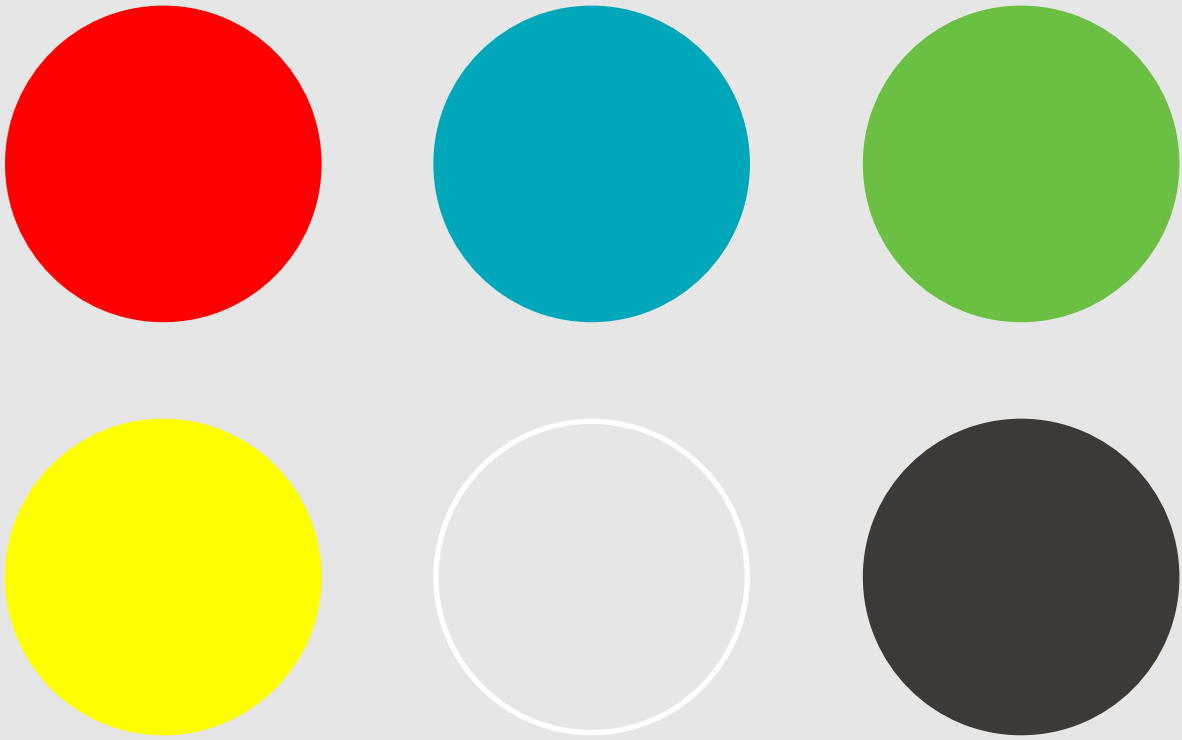

UC8700

K Unisort Liner System

Mini 60m liner refill. Typically equivalent to 150-250 standard waste bags.

See [page 10](#) for more details

L Fitted Waste Sacks

Coming soon.

Standard bags that are 1/3 full **wastes plastic & creates unnecessary CO₂**

By design, **standard bags are wasteful** due to overhang on the bins and scheduled emptying regardless of the fill level.

Unisort® Liner System

reduces plastic usage and CO₂ attributed to waste bags by 80%

Only cut the bag length required to hold the waste disposed of, instead of removing a whole bag.

A cleaner, quicker and greener way to reduce CO₂.

① Remove Inner Liner Holder

② Cable Tie Twice & Cut. Simply pull new liner through

③ Always 100% full and no wasted plastic

Optional Accessories

M Connector

Connect your stations for secure and space saving positioning. Keep all waste streams to hand in one place.

UC8800

N Retainer Bungee

Secure your liner in position to retain alignment and prevent slipping down inside the bin.

UAB801

Food Waste Accessories

O Soft Close Lift Up Lid

Antimicrobial surface.
Dark Green: UC8400DG
Grey: UC8400G

P Capacity Limiter

Reduces the capacity to 24L to prevent splitting liners due to heavier food waste.
UC8710

Unisort® Climate®
Flexible, customisable
and easy to use
